

You Put Life First!

Dakota Medical Foundation's Giving Hearts Day

February 11, 2010 was indeed a great day!

Thank you for your investment in FirstChoice Clinic. You were part of a team of 500+ donors that raised \$101,702 for FirstChoice – putting life first! In addition to the \$101,702, Dakota Medical Foundation will match \$4,000 and award us the 1st place incentive gift of \$20,000 for a total of \$125,702 raised! These funds will help us to continue our work for vulnerable women and their families and helping to make their challenging choices more joyful ones!

This incredible outpouring of financial support is a testament to all of you: the kind, caring, and generous people who support our mission! Thank you for being our partners in this ministry. As a team, we will grow this culture of life, reinforcing positive relationships, honoring marriage and seeing children as they truly are - a gift from God.

Thank you again for your vital role in this work – You are so appreciated!
